These instructions contain important information regarding the proper installation, care and maintenance of your Floating Mount Saddle Bag hardware. We urge you to read it and the Owner's Manual completely. Follow the recommendations for the most trouble-free and enjoyable use.

warning

The hardware described in this manual was designed solely to mount the Yamaha Floating Mount Saddle Bags to the motorcycle(s) designated.

If you are unable to determine if this hardware is for your motorcycle, contact your dealer. If your dealer is unable to install it, contact the Yamaha Corporation, Customer Service Department, Record, 12-1-5 Aoyama 1-chome, Tokyo 107, Japan. These instructions contain valuable information for future reference. They must be given to the customer.

note:

This manual may cover several motorcycles. Some illustrations may differ from your motorcycle. Read the instructions.

Yamaha 1982 XJ 1100J Maxim

SPORT SADDLE BAG HARDWARE INSTRUCTIONS

PREPARE THE MOTORCYCLE

1. Place the bike on its center stand and remove the seat.
2. Trace the turnsignal wires to the bracket connectors and disconnect. Remove the turnsignal brackets.
3. Remove the rubber grommets from the turnsignal mounting tabs.
4. Remove the passenger foot pegs.

INSTALL THE HARDWARE

1. Place the special supplied washer inside the turnsignal mounting tab on the backside.

   note: Due to the hole in the mounting tab being oval, the washer can be put in only one way.

2. Position the sideloop against the bike. Using the 25mm bolt, fasten the mounting bracket to the turnsignal tab in the following sequence: 25mm bolt, mounting bracket, turnsignal tab, special washer, 25mm flat washer, and hex lock nut. Do not tighten completely at this time. Repeat for the other side. (Illus. 2)

3. Using the stock foot peg bolt, fasten the front peg to the passenger foot peg mounting plate. (Illus. 3)

4. Position the rear cross struts using the 10mm bolts, extra 10mm washers and 2mm lock nuts. (Illus. 4)

5. Mount the turnsignal as follows: turnsignal, turnsignal, 1cm x 11/2cm washer and stock lock nut. (Illus. 4)

6. Due to the grabbing/brushcut, this bike will not fit with the luggage rack. Continue with your Saddle Bag Owner's Manual for mounting your saddle bags. We suggest you insert these instructions in the Owner's Manual for future reference.
